First from United States Steel Corporation Yards to Be Launched By Middle of May.
Hoboken, N. J., April 16.—The first ship constructed at the government's request by the United States Steel corporation will be launched at Newark, N. J., by the middle of May, and will be fitted ready for sea by July 15. The corporation's yards at Mobile, Ala., and Newark, will be prepared to turn out a completed ship every 10 days. Elbert H. Gary, chairman of the corporation, made this announcement here yesterday at the annual meeting of the stockholders.

BRITISH CRIME INCREASING.
Because of Police Shortage and Restriction of Street Lighting.
London, April 16.—Crime in England is now showing an upward tendency, after a remarkable and continued fall since the beginning of the war. The annual report of the British constabulary attributes this to restriction of street lighting and shortage of police.

GERMANS TAKE HELSINGFORS

Berlin, via London, April 16.—German troops, supported by naval detachments, have entered Helsingfors, the capital of Finland. The announcement was made last night by general headquarters.

U. S. TO ARREST HUNDRED WOMEN

Awaits President Wilson's Signature on the Enemy Alien Bill.

Washington, April 16.—More than 100 German and Austrian women are under surveillance and will be arrested and interned as soon as President Wilson signs the bill which includes women in the class of enemy aliens.

ALADDIN'S MAGIC HAS NOTHING ON THIS OHIO WIZARD

Discovers drug which loosens sore, touchy corns so they lift out

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told to use a drug called freezone, which the moment a few drops are applied to any corn, the soreness is relieved, and soon the entire corn, root and all, lifts out with the fingers.

This new ether drug is the recent discovery of a noted Cincinnati chemist. It is a sticky substance which dries the moment it is applied and is said to instantly shrivel the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of freezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callous.

You are further warned that cutting at a corn is a suicidal habit.—Adv.

ONLY MEDICINE MADE FROM FRUIT

Extraordinary Success which "Fruit-a-tives" Has Achieved

One reason why "Fruit-a-tives" is so extraordinarily successful in giving relief to those suffering with Constipation, Torpid Liver, Indigestion, Chronic Headaches, Neuralgia, Kidney and Bladder Troubles, Rheumatism, Pain in the Back, Eczema and other Skin Affections, is, because it is the only medicine in the world made from fruit juices.

These "Fruit Liver Tablets" are composed of the medicinal principles found in apples, oranges, figs and prunes, together with the nerve tonics and antiseptics.

U. S. COVERS N. H. R. R. NOTES

First Big Award to Be Paid at Boston Banks By the Government.

New York, April 16.—The first large payment by the government to a railroad since it took control of railroads was announced yesterday with the receipt by the Bankers' Trust company, from the United States treasury, of \$43,964,000, to take up outstanding notes of the New York, New Haven & Hartford railroad.

GREAT REJOICING BY RHEUMATIC GRIPPLES

If So Crippled You Can't Use Arms or Legs, Rheuma Will Help You.

If you want relief in two days, swift, certain, gratifying relief, take a small dose of Rheuma once a day.

If you want to dissolve every particle of uric acid poison in your body and drive it out through the natural channels so that you will be forever free from rheumatism, get a bottle of Rheuma from E. A. Drown & Co., or any drugist at once. It must give the joyful relief expected or money refunded.

Rheumatism is a powerful disease strongly entrenched in joints and muscles. In order to conquer it a powerful enemy must be sent against it. Rheuma is the enemy of rheumatism—an enemy that conquers it in nearly every instance.

Judge John Barhorst, of Ft. Loramie, Ohio, knows it. He was walking with crutches; to-day he is well. It should do as much for you; it seldom fails.—Adv.

RECORD COAL SHIPMENTS

7,276,777 Tons Are Shown by the March Statement

287,702 TONS INCREASE OVER 1917

Or for Year Ending March 9, 975,726 Tons Larger

Philadelphia, April 16.—Anthracite shipments in March were the largest in the history of the industry, according to the monthly statement issued yesterday by the anthracite bureau of information. There were 7,276,777 tons of hard coal shipped last month, an increase of 287,702 tons over March last year. And an increase of 165,827 tons over October, 1917, which, until now, represented the high water mark in monthly shipments.

For the coal year ended March, 1918, the total shipments were 77,792,315 tons, an increase of 9,975,726 tons over the previous year.

KILLS WIFE, THEN HIMSELF

Thomas R. Howe, Searsport, Me., Farmer, Fires of Life with "Ad" Wife.

Searsport, Me., April 16.—Thomas R. Howe, 63, shot and killed his wife, aged 48, and then turned his double-barreled shotgun on himself, committing suicide, at their farm here.

A neighbor found the husband's body with the shotgun lying near. Mrs. Howe's body was in the next room.

The couple had quarrelled frequently. Mrs. Howe was the man's third wife and came to him, a widow, in answer to a matrimonial advertisement five years ago. She was formerly Mrs. Lucy Aaras of West Campton, N. H.

FARMERS PLAN FOOD INCREASE

State Agriculture Chiefs Discuss Production with Hoover Forces.

Washington, April 16.—Officials of the National Association of State Commissioners of Agriculture conferred yesterday with Secretary Houston and Secretary Wilson and the food administration in an effort to bring the agricultural forces of the states into closer working contact with the government. Ways and means of obtaining a maximum agricultural production and distribution also were discussed.

Among the state officers taking part in the conferences were Wilfred Wheeler of Massachusetts and V. S. Brigham of Vermont.

AMERICANS KNOW A GOOD THING

Trust the People to Find Out What Is Good for Them

All over the country folks are learning that after the long, hard winter's pull, lack of green food and fresh air, they are usually run down, have no appetite, are nervous and in bad shape generally.

Spring to them is a season to be dreaded; their thin, watery, poisoned, clogged blood and weak nerves rob them of all ambition or desire to work and takes the pleasure out of life.

For such men and women doctors are recommending Phosphated Iron, which goes to the very root of all blood impurities and nervous troubles. They claim it helps purify the blood by making it over anew, while the way it relieves tired, fagged-out nerves is almost too good to be true.

The confidence that the American people and prominent doctors have shown in Phosphated Iron, while remarkable, is not surprising, as it is one of those honest preparations that never disappoints. As a man said in recommending it to his neighbor, "It's results that count, and you can bank on Phosphated Iron; it is the 'goods'; everyone that tries it is a booster. It sure did put me on my feet when I was almost down and out."

Every man, woman and child that has thin, watery, impure blood, no strength, or appetite, weak nerves, and is all played out generally, can come back strong, be a live one once again, enjoy restful sleep and get up facing the world with a smile if they will try Phosphated Iron, the red blood and nerve builder.

To insure physicians and their patients getting the genuine Phosphated Iron, we have put up in capsules only. Do not take pills or tablets. Insist on capsules. E. A. Drown, the druggist, and leading druggists everywhere.—Adv.

VERMONT COMMITTED SUICIDE.

George W. Warren of Post Mills Was at Daughter's.

Worcester, Mass., April 16.—George W. Warren, aged 67, committed suicide Sunday in the home of his daughter, Mrs. Fred Slack of 12 Denny street, by shooting himself. Melancholia, from which he had been suffering for two years, is given by the family as the cause of the act.

Mr. Warren came to Worcester from Post Mills, Vt., two years ago, retiring from active work after being employed for more than 30 years as an expert woodworker. Sunday night he laid down on the floor in the bathroom, put the muzzle of a 32-calibre rifle to his mouth and sent a bullet into his brain. Mr. Warren's body will be sent to Post Mills for burial.
